

# ARE YOU SERIOUS!!!!!!!!!!!!!!!!!!!!!! \$7,500 STIPEND

A motion is requested to approve a stipend for Dr. Michael Smith for Acting Director of Extra-Curricular Activities for \$7,500!

Someone on the board needs to quit being a puppet and ask for proof of who was doing what while this position sat vacant. Yes you may have gotten lucky and found the holy grail of athletic directors from the state of Maryland. His record and credentials look outstanding, but he isn't here yet.

He may change his mind, research what Columbia really has going on, take another job offer.....with credentials like his I question why Columbia.

But none the less you continue to treat long time employees unfairly. You continue to give nothing more than lip service. Promise to realign duties and give a pay increase. That was a lie.

Will go to bat for you in July only to find out they are working on there (sic) own pay stipend. Another lie.

We now have people on the board that never attend a meeting or very few meetings. These young individuals probably aren't even home owners yet. Well Mr. President you got what you wanted.

I too will no longer attend your meetings where I am not allow to ask questions about what you are doing with my mother's tax money and my tax money. It is clear that you are giving to others.

Do my family a favor and fire Deb. You all continue to SHIT on her. Now a three year employee make more than her, because someone feed the board a line of shit about job duties, come on you and I are smarter than that.

We will collect unemployment and hire the same lawyer that Amy Light may be using. Some much for transparency!

Gerald Nissley
